OUR MISSION

The mission of CCCHC is to show and share the love of Jesus Christ to our neighbors of Champaign County by providing holistic, free, and quality health care services for the uninsured and the underinsured.

Holistic means that we consider the whole person regarding treatment – mental, emotional, spiritual, as well as physical well-being.

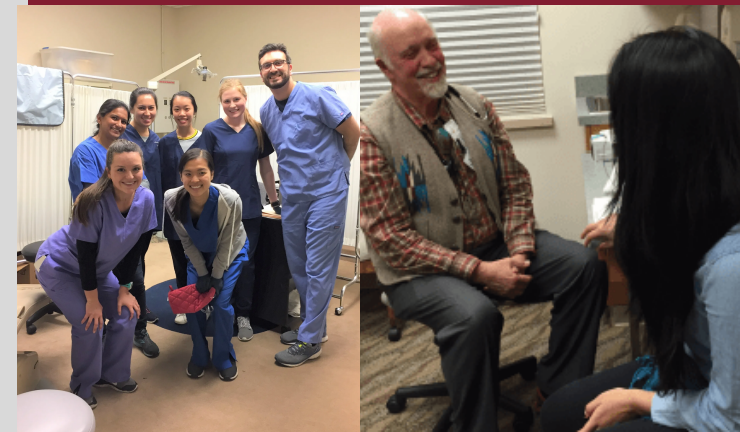

We offer care for free because we realize the resources of the uninsured are minimal, with most of CCCHC's clients working full time and often having more than one job just to make ends meet.

Finally, we ensure, through a strong volunteer base of over 125 people, supportive donors, numerous collaborations, and community involvement, that people that come to CCCHC for care receive quality service and excellent treatment.

CHAMPAIGN COUNTY CHRISTIAN HEALTH CENTER
